Resilience and Emotional Intelligence

What does emotional intelligence and resilience mean in practice for Clerks, Council Officers and Councillors?

Develop a better understanding of where our behaviour comes from and consider what resilience means for us in the context of our roles within the council.

Opportunities to explore role-focused scenarios and consider how we might respond to them. Explore strategies to deal with and manage a range of situations.

Leadership in Challenging Situations

Whether you are a Clerk, Officer or an elected Councillor, all of us take on leadership roles within our council and in the wider community.

Consider different leadership styles in the context of your role at the council, exploring which styles we personally 'default' to and which styles can work effectively for different situations. Explore scenarios of different challenging situations we might face in our role and discuss how we might deal with these effectively and appropriately. We will also discover how to build, support and get the most from an effective and motivated team.
