4 Merseyside Matters

Ward boundaries in Knowsley are looking to be reviewed

We are finding difficulty getting parish boundaries set up due to discrepancy between parish and borough boundaries.

A ward from Eccleston is to come back to Rainhill before the next election however the Devolution bill may change this.

Small parish councils in Sefton are looking to merge to create a larger parish council. Sefton BC are currently reviewing.

5 LALC and NALC update

The new white paper proposes that online and hybrid meetings can take place. Standards in Public Life is under consultation with result and next stage expected in November 25. NALC are currently looking at setting up a fund to allow smaller councils to facilitate hybrid meetings.
